

## Industrial User (IU) Change in Condition Report Form

The District's Code of Ordinances, Title 2 Article II Section 12 states in part:

“Any IU which adds to or significantly increases the discharge loading of any regulated pollutant shall notify the District of this change in condition prior to such discharge.”

Before your permit can be rewritten, any changes that have occurred in the following areas must be described. After review of this information, the District will decide if your permit needs to be changed.

Pretreatment System (check either a. or b., if applicable)

- a. New System<sup>1</sup> \_\_\_\_\_, for what pollutants?  
Method of Pretreatment \_\_\_\_\_
- b. Modification<sup>1</sup> \_\_\_\_\_  
Description \_\_\_\_\_

Industrial Process Change:

- a. Addition to \_\_\_\_\_, or Elimination of \_\_\_\_\_, or other
- b. Nature of process change \_\_\_\_\_
- c. Types of pollutants involved \_\_\_\_\_
- d. Is this process subject to categorical pretreatment standards? \_\_\_\_\_ Yes \_\_\_\_\_ No  
If yes, what National Categorical Point Source Category is it subject to: 40 CFR Part \_\_\_\_\_

Discharge Flow Volume:

- a. Flow Increase \_\_\_\_\_, or Decrease \_\_\_\_\_  
Approximate flow volume increase/decrease (GPD) \_\_\_\_\_
- b. Reason for flow increase/decrease \_\_\_\_\_  
\_\_\_\_\_

Analytical lab results: \_\_\_\_\_

Effective date of the changes (check as appropriate)

These changes will be effective on \_\_\_\_\_, or effective gradually starting on \_\_\_\_\_ and ending \_\_\_\_\_

Please return this form and any applicable attachments to Dennis Priewe, Industrial Waste Surveillance Supervisor, RRWRD, PO Box 7480, Rockford, IL 61126-7480.

COMPANY \_\_\_\_\_

PERSON COMPLETING THIS FORM \_\_\_\_\_ TITLE \_\_\_\_\_
